### CHAMBERLAIN ASKS VOTE ON CONSCRIPTION

LABOR PARTY FIGHTING BIT-  
TERLY AGAINST OVER-  
WHELMING SENTIMENT

BRITAIN'S ARMY READY

Aircraft Forces will be on Duty  
Day and Night; Hitler's  
Speech Awaited

LONDON, April 27.—(UP)—Prime Minister Neville Chamberlain, determined to prepare for any emergency on an urgent basis, braved angry labor and liberal opposition today to force a vote on his conscription plan before the House of Commons adjourns tonight.

Chamberlain demanded an immediate vote so that the principle of national conscription would have been an accomplished fact before Adolf Hitler made his speech in the Reichstag tomorrow in answer to President Roosevelt's peace appeal.

Members of commons, responding to mandatory "three line whips" from party leaders, crowded into the commons chamber to record their votes on a conscription motion, it was understood that Chamberlain had prepared the way to reverse the entire mobilization system of the country's anti-air defense day and night.

Labor mobilized its forces for a fight, charging the government with betraying its promises to impose conscription in peace time.

Executives of the labor party, the parliamentary labor party and the general council of the trades union held a joint meeting to organize a fight against the government.

Government supporters held that the rank and file of labor organizations, opposition to conscription was cracking because of conviction that the government must prepare for any emergency.

### Chas. Sheridan Represents Rotary

LOCAL HIGH SCHOOL YOUTH  
WILL BE HEARD IN DISTRICT  
DISCUSSION CONTEST

Greencastle Rotarians today announced that their representative will be a fine chance to bring honor to the local Rotary club, the city and himself in the Rotary-sponsored speaking contest of Districts 154 and 155.

Charles Sheridan, Greencastle high school student and a fluent and convincing speaker, will represent the Greencastle Rotary club at Anderson next Tuesday, where winners from three other Rotary groups will compete for the right to represent the four groups in the final contest. The finals will be conducted May 16 at South Bend.

Members of the local club at their luncheon meeting Wednesday noon were favorably impressed with the address presented by young Sheridan. His talk on "The Value of Rotary to a Community" drew many complimentary remarks from the membership as well as the guests, including Rotary District Governor John Stemm of Lafayette and Lloyd Johnson, secretary of the Lafayette club. Youth speakers from the Lafayette and Turkey Run Clubs withdrew from the group contest here, leaving the local high school student the right to go to the Anderson contest.

Lois Arnold of the Greencastle representative of Group 4, Frank Schoenman, president of the local club, and other Rotarians from this city are expected to attend the Anderson meet. Last year Charles Sheridan won second place in the state competition.

The high school speaker, in his address, presented the outstanding part the Rotary clubs plays in more than 5,000 communities of 60 countries to carry out its ideals of community service on a broad scale. He said its program in the field of youth service, community rehabilitation and numerous other lines formed a chain that spanned the globe.

TROOPS ARE MOVING

COLOGNE, Germany, April 27.—(UP)—Intensification of troop movements has been noticed in the Cologne area during the last 36 hours, it was understood today. The movements had been proceeding in lesser degree for several weeks. Officials here asserted that the movements concerned only normal disposition of Rhineland garrisons.

ICKES LOOSE AGAIN

WASHINGTON, April 27.—(UP)—Secretary of Interior Harold L. Ickes' denunciation of Germany as a "character assassin" and "culture murderer" dramatized United States relations with Germany today 24 hours before Adolf Hitler's reply to President Roosevelt's appeal for a guarantee of peace.

In a nation-wide radio broadcast last night, Ickes said the United States was proud to offer a haven to the exiled scientists, artists and men of letters from Germany who have "witnessed scenes of desolation and terror—have seen what happens to culture and to all the sacred values of civilization when a sterile and brutal intelligence is permitted to make a litter of the rights of humanity; a shambles of the fruits of the spirit."

### Consolidation In Treasury Dropped

PRESIDENT FEARS GROUPING  
MIGHT LEAD TO CENTRALIZ-  
ING POLICE

WASHINGTON, April 27.—(UP)—President Roosevelt has abandoned plans to consolidate treasury law enforcement agencies, fearing that they might be the first step in the development of a centralized secret police such as the German Gestapo or the Russian OGPU, it was learned today.

Secretary of the Treasury Henry Morgenthau Jr., who has long cherished the idea of consolidating his department's enforcement agencies, was personally responsible for the president's decision to drop the plan.

Morgenthau, an authoritative source said, told Mr. Roosevelt his fear that such a step might lead to further consolidations and a powerful centralized police agency such as political dictators have utilized in suppressing all opposition. Apparently, Morgenthau had in mind the possible eventual consolidation of his enforcement units with the Justice Department's Federal Bureau of Investigation.

The president, who had planned to send the consolidation plan to Congress next week in the second of his reorganization proposals, was said to have agreed with Morgenthau.

Treasury experts have worked for several weeks preparing plans to place the secret service, the narcotics bureau, in internal revenue intelligence unit, the customs border patrol and alcohol tax unit in a single division under a coordinator.

The draft was completed Monday. Because of Morgenthau's change of mind, the plan was not sent to the White House and may never be submitted.

### Texas Farmer Kills Neighbors

TODAY POSSES WERE SEARCH-  
ING RED RIVER BOTTOMS  
FOR KILLER, MARION McKay

PARIS, Tex., April 27.—(UP)—Poses searched through the Red river bottoms today for Marion McKay, a farmer who settled a few grudges by killing four of his neighbors.

He still carried the repeating rifle he used in taking vengeance on the farming community south of here which knew him as a quarrelsome and brooding person.

His victims were J. W. Snow, 79, a farmer, Snow's two daughters, Mrs. Leo Dennis and Mrs. Willie Kemmer, and farmer Dee Chandler.

He went to the Snow's farm, complaining that their chickens were in his garden. The grievance was an old one and the quarrel became hot. He stalked off across a quarter-mile field to his own home and told his wife:

"I'm going to kill that whole damn outfit."

He picked up his rifle and, ignoring his wife, started back to the Snow farm walking along the road.

His wife drove beside him in their automobile, pleading, every step of the way she said.

Her pleas were unavailing. From the car she watched him approach the family group and, without a word, open fire.

In addition to those killed, Snow's wife and Leo Dennis were critically wounded.

McKay then struck out across the fields for the Chandler farm, a mile and a half away. He found Dee Chandler, with whom he had often quarreled, plowing. He took steady aim and fired.

### DEPAUW MAN SPOKE BEFORE LEGAL MEETING

ALVIN ROCKWELL OF NATION-  
AL LABOR RELATIONS  
BOARD HEARD WED.

LEGAL PROFESSION TRENDS

Was The General topic Under Dis-  
cussion at Meeting Held By  
DePauw Wednesday

"The legal profession affords one of the best possible vantage points from which to view our changing society and to condition the community to the changes in the legal structure which must follow," said Alvin Rockwell, DePauw graduate on the legal staff of the National Labor Relations Board, in the closing sessions of the DePauw university legal conference yesterday.

Mr. Rockwell and Mr. Murray Seasongood spoke under the general topic, "Trends in the Legal Profession" at the session presided over by Judge Nathan H. Swaim, DePauw graduate on the Indiana Supreme Court.

Mr. Seasongood, former mayor of Cincinnati and a lawyer in that city, discussed some recent changes in law, both mechanical and social.

From his own experience, Mr. Rockwell told of the administrative agencies, "which are examples of the law's changing to meet practical needs and which makes possible expert universal execution of a complicated law." He pointed out that agencies such as the National Labor Relations Board are subject to court review, although the board's findings of fact, if supported by substantial evidence, is conclusive.

"Public thinking about a law is largely influenced by the reception it receives at the hands of the legal profession," said Mr. Rockwell in his discussion of the lawyer's public responsibility. "In some areas, the legal profession must be a bulwark against too rapid change; in other periods it must be a shock-absorber by meeting change sympathetically." Mr. Rockwell said that one may live greatly in the law because in dealing with every human transaction and relation, it is dependent on popular assent alone.

Mr. Seasongood said that the increase of taxes, social security, and municipal corporations in all fields has opened up entirely possibilities for argument. "The naming of law professors to judicial posts will further the emphasis on reason rather than precedent in handing down decisions," he prophesied as he discussed the new law. He urged lawyers to support the merit system as applied to judicial service if they would serve their profession.

E. R. Baltzell, with the firm of Davis, Pantzer, Baltzell and Sparks, Indianapolis, asked lawyers to guard democratic institutions so they might be adapted to any degree of collectivism that might be inevitable.

CIRCUIT COURT NOTES

Ivan Huffman, formerly one of the largest land owners of Washington township, has filed a complaint in the Putnam Circuit court asking the intervention of the court in enforcing a contract made by him June 2, 1932, with Lois Huffman Raab and John V. Raab, whereby the defendants were to pay him certain sums annually but have failed, in part, he alleges, to make such payments, and, also, in a second paragraph of the complaint, the cancellation is asked of deed executed by Mr. Huffman in 1931 whereby he transferred to the same defendants his life interest in certain lands in Washington township, in exchange for a home with them and "reasonable support" from them for him, during his lifetime. He says he cannot longer live with them because of the manner in which they treat him, he using the word "unbearable" referring to their treatment. Hamilton & Hamilton are the attorneys for the plaintiff.

In the case of Ora Day and Alvin Day, for divorce, heard by the court some years ago, a recently-filed petition for a modification of the decree of the court in regard to the custody of a child, has been dismissed.

The Metzger Lumber company has dismissed its suit on a mechanics lien against William R. and Anna Dailey.

MINERS ESCAPE

TOKYO, April 27.—(UP)—The Domei Correspondent at Sapporo, Hokkaido, reported today that a majority of 1,279 miners trapped in a severe gas explosion at the Yubari Coal Mine had escaped from the pits.

Approximately 100 still were missing, Domei said. There were no reports of casualties.

First reports had indicated that, because of the terrific concussion, deaths might exceed 1,000.

### LAUNCH CITY DRIVE TO KEEP TRACTION LINE

CITIZENS CALLED UPON TO EX-  
ERT EVERY INFLUENCE  
IN MATTER

MANY WANTED FOR HEARING

Expect Crowd of Civic-Minded Greencastle Residents to Go to Indianapolis Next Tuesday

The city administration today appealed to the citizenry of Greencastle to exert every influence to continue traction service through this city.

Mayor W. D. James in a public statement pointed out the benefits, conveniences and the necessity of the Indiana Railroad's division through Greencastle. The local official said it is a duty of every civic-minded person in the community to board the traction next Tuesday and go to Indianapolis to attend the hearing before the Public Service Commission.

The hearing will be conducted in room 401 of the State House at 10 o'clock Tuesday morning. It is expected that several persons from this vicinity will be asked to appear before the commission and cite the necessity of the interurban here.

"Organized opposition against the proposed abandonment of the Indianapolis-Terre Haute division of the Indiana Railroad, which serves Greencastle, is needed to keep this much-needed line in operation. It is the duty of the Greencastle public to go in a body to Indianapolis next Tuesday and appear before the Public Service Commission and tell that group that the traction line is vitally needed here."

"It is the hope of the city administration that civic-minded Greencastle residents will let the commission know they need the traction line and that they and their friends families and businesses find it a necessity. Tell the commission specifically that you use it and that your friends do. An organized protest of this kind will accomplish more toward keeping the traction line in operation here than all the petitions imaginable. Testimony before the commission is of no value unless it is specific and authentic."

"Reliable sources show that approximately twenty families in Greencastle are directly dependent upon the traction for a livelihood. The total income to these local people from their services on the interurban is something like \$25,000 or \$30,000 annually, and that means a lot to the continued prosperity of Greencastle."

"The traction line can be held if the entire community unites in this effort and let the commission know they want and need it. It is necessary that Greencastle people turn out in large numbers at next Tuesday's hearing and make their wishes known. For more than 30 years the interurban has operated through Greencastle."

### HITLER SET TO DELIVER HIS SPEECH

WAR OR PEACE IS EXPECTED  
TO HINGE ON REPLY TO BE  
GIVEN EARLY TOMORROW

TO BE OF WORLD INTEREST

Reply to Pres. Roosevelt Will Be  
Broadcast. Starts 12 M German  
Time

BERLIN, April 27.—(UP)—Well-informed sources predicted today that Fuehrer Adolf Hitler in his speech to the Reichstag tomorrow would refuse to accept President Roosevelt in any role as mediator in a settlement between Germany and other powers.

BERLIN, April 27.—(UP)—Adolf Hitler's speech to the Reichstag in answer to President Roosevelt's peace appeal will be broadcast to the United States at noon tomorrow (5 a. m., CST.) by station DJB on a wave length of 19.74 metres or 15-20 kilocycles, it was announced today.

It will be broadcast in the United States by all of the three networks.

BERLIN, April 27.—(UP)—Nazi Reichstag members, expecting a historic meeting, began arriving in Berlin today to hear Adolf Hitler address them at noon tomorrow, to give his answer to President Roosevelt's peace appeal and British conscription plans.

Nazi propaganda chiefs made arrangements for the speech to be broadcast through the Reich, and made available for street crowds, industrial and office workers, school children and people in homes.

Hitler was reported working over the final draft of his speech, taking into account Prime Minister Neville Chamberlain's conscription statement of yesterday, in his study at his new chancellery.

He took time out to attend the revue "Melody of the Night" at the Metropole Theatre last night, with the American dancer Marian Verne as a featured member of the cast.

As Hitler prepared his speech, an article in the Nazi storm troop organ, written by an officer of the war ministry, outlined plans under which the entire storm troop organization, numbering perhaps 1,750,000 men, might be converted into an army reserve under a decree of last January, entrusting pre-military and past-military training to the storm troop corps.

As Nazis awaited Hitler's speech, they worked to break the British-French "peace front." Field Marshal Hermann Goering, Nazi No. 2, conferred with Yugoslav Foreign Minister Alexander Cincar-Markovitch for more than two hours last night. Count Paul Teleki and Count Stephen Cskay, Hungarian premier and foreign minister, were expected here Saturday.

PUSH ARMAMENT PROGRAM

WASHINGTON, April 27.—(UP)—The automobile industry has spent millions enlarging its plants for government armament orders, and the army has ordered fighting planes superior to any in the world, was revealed today as the government pressed to complete its gigantic defense program with all possible speed.

The War Department signed a contract for 571 bombers and pursuit planes to cost \$50,000,000, launching the program that will expand its aerial strength to 6,000 planes, soon after President Roosevelt signed the \$549,000,000 War Department appropriation bill from which the money comes.

Louis Johnson, assistant secretary of war, announced the contract, then saw President Roosevelt off on his private train for Hyde Park. Aboard the train, it was revealed that Johnson had told the President that the new planes had a speed in excess of 400 miles, which makes them the world's speediest fighters.

He also told the President that industry was co-operating 100 per cent with the War Department in preparing for large armament orders and that the automobile industry, specifically, had "spent millions" for plant enlargements.

DEPAUW CHAPEL

Jack Gillespie of Greencastle, DePauw sophomore, gave the chapel program Thursday morning. Mr. Gillespie was heard in three piano solos which drew much applause from the interested audience. He is studying with Prof. Edward Shadbolt.

FARM BUREAU FIGHTS IN  
CRAWFORDSVILLE TAX SUIT

Harvey B. Hartsock, DePauw 1911, attorney for the Indiana Farm Bureau, has entered his appearance in the suit at Crawfordsville to test the 1939 statute restoring the exemption of the taxing of municipally-owned utilities. The scope of the suit has been much broadened through the appearance of the Farm Bureau and the state tax board in the case, which organizations desire to test the law thoroughly while it is in the Montgomery county Circuit court.

Municipal utilities were exempt from property taxation for years but in 1935 a law was passed providing that state and county taxes must be paid by such plants. The last legislature, however, repealed the former law and restored the property tax exemption.

The city, in its suit, is asking a court order to prevent collection of 1938 taxes, due next Monday, on the ground that the 1939 statute bore an emergency clause and became effective immediately.

### WEIRD TALE UNCOVERED BY LOCAL OFFICERS

14 YEAR OLD BOY BANDIT AND  
PAL HAVE CAVE HIDE-OUT  
IN WILD COUNTRY

LEFT A ROBBERY TRAIL

Omer Pope and Ralph Pritchett Escaped from Boys' School on Robbery Trail still Missing

One of the weirdest tales of boy desperadoes that has ever developed within the area policed by the Putnam county officers, or in a nearby area, was related by Sheriff Lawrence Graham and Deputy Sheriff Tom Vandever Thursday morning, as they massaged sore muscles, in their office in the Putnam county court house. The story has been developing through several days and nights.

They told of the deeds of Omer Pope, commonly known as "Popey," age 14, and of Ralph Pritchett, 16 years old, who ran away from the Boys' Reform School at Plainfield Wednesday night of last week, wearing only their night shirts. They left their dormitory of the school through a window. Clad only in their little night garments, the two lads started their travels, leaving behind them a trail—which is credited to them by the officers, at least—of robberies starting at Amo and continuing on west through Greencastle and on out the Vivalia road northwest from this city, to a veritable robbers' den located in a cave in the wilds of the eastern edge of Parke county, a mile or more west of Vivalia.

That lair was found by the Putnam county officers and a squad of guards from the Plainfield school, by means of a map which had been made by Pope, it is said, and left behind at the school, it apparently being the intention of the boys to travel apart, the map to be used by the Pritchett boy in reaching the rendezvous, he being unfamiliar with the locality in which the cave was located. Pope, however, was raised in that region, his family living there now. The leaving the map at the school was the weak point in that affair, such as every crime, otherwise perfect, is supposed to have. It was a darn good map, too, the officers said, even picturing a pile of mine props which are there, in fact.

The cave is reached by traveling west from Vivalia, on the county line, taking, finally, a dirt road which practically ends at the Spear farm, as far as automobile travel at this time of the year is concerned. By walking on past the end of the traveled road, half a mile or more, the immediate vicinity of the cave is reached, but, to reach it, the explorer has to traverse a veritable canyon amid high rock cliffs, and through other upheavals in the geologic world, before the sanctuary of the cave itself is reached. The officers got there, finally, Wednesday, near noon, and found cached back in the depths of the cavern a bicycle which was stolen Monday night at 9 o'clock from a Stegmiller boy in Greencastle, a pair of blankets stolen from the Plainfield school, remnants of candy and buns, stolen from the Boswell filling station on the Dunbar road northwest of Greencastle, some of the articles of clothing taken from Ike Cash's home on the John Newman farm northeast of Fillmore between the Big Four and the interurban tracks, and, pathetic in their littleness, the night shirts in which the boys escaped from the reform school. The shirts bore the number of the companies to which the boys belonged in the school.

These same boys are supposed to have been those that were chased out of the Scott farm home, near Tom Sage's, north side of the Big Four.

The officers with the exception of Sheriff Graham returned to Greencastle.

## SOCIETY

### Woman's Union To Meet Friday

The Woman's Union of the First Christian church will meet Friday afternoon at 2:30 o'clock in the church parlors. Section Three will have the devotions. This is an important meeting and a good attendance is desired.

### Woman's Circle Enjoys Meeting

The Woman's Circle of the Presbyterian church celebrated the twentieth anniversary of its organization in a service of commemoration Tuesday afternoon. Spring flowers were attractively arranged in the auditorium and in the social room. Past presidents and those who were active in the first year of the new society were honored guests. Mrs. O. F. Browning, a past president, presided. Greetings were read from fifteen former members now residing in various parts of the country. The oldest member of the circle, Mrs. Mary Mathias of this city, sent her best wishes. Mrs. Adelia Denton of Indianapolis and Mrs. Andrew Cross of Roachdale former residents were present.

Mrs. C. C. Huestis of Youngstown, Ohio, the founder, was unable to be present, but a challenging paper which she had prepared was read. Devotions and special instrumental and vocal music added much to the spirit of the occasion. A memorial was conducted for deceased members. At the close of the program an anniversary tea was held in the social room in charge of Mrs. J. J. Eitel and Mrs. C. R. Daggy. Mrs. Laura Hirt and Miss Jennie Throop presided at the tea table.

All of the arrangements so successfully carried out were in charge of Mrs. W. E. Edington and the other members of the program committee. Miss Nelda Werneke arranged the music.

### Ginger Winks Bakers' Met Wednesday Afternoon

The "Ginger Winks Bakers" of Greencastle met April 26. The meeting was called to order by the junior leader, Winifred Cox, assisted by Virginia Gardner.

The officers were elected as follows: President, Emily Long; vice president, Norma Jean Williams; secretary, Paula Eiteljorge; news reporter, Jean Feld; recreation leader, Velma Phillips; song leader, Elizabeth Long.

The name "Ginger Winks" was chosen for the club's name. The meeting was then adjourned.

### Bainbridge Class and Faculty Guests At Dinner-Dance

The junior class of Bainbridge high school entertained the members of the senior class, the school faculty, Mr. and Mrs. Claude Etcheson, Mr. and Mrs. Earl Sutherland and Mr. and Mrs. Frank Jarrell at a three course dinner and dance at the Canyon Inn at McCormick's Creek park Monday evening.

About fifty-five members and guests were seated at card tables, decorated with pink carnations and class colors of silver and blue. The invocation was given by Chrystal Hendricks. Francis McClure was toastmaster and introduced Junior Johnson who gave the welcoming address. The response was given by Milton Scobee of the senior class.

Mr. Summerville's talk to the seniors was followed by the school song led by Josephine Stultz.

The remainder of the evening was spent in dancing.

### Woman's League Met Wednesday

The regular meeting of the Woman's League of Gobin Memorial Methodist church was held Wednesday afternoon in Community Hall. The meeting opened with the congregation singing familiar hymns. An announcement was made of the DePauw Music Festival which begins today. A district meeting of the Woman's Home Missionary Society will be held at the church on Friday of this week beginning at 9:30 a. m. A varied and interesting program has been arranged for this all day meeting.

Mrs. J. E. Porter made a brief comment upon the United Conference of the three branches of the Methodist church which is now being held in Kansas City. It was decided that in making out the program for next year provision be made for more joint meetings of the Woman's League and the Home and Foreign Missionary Societies. The report of the nominating committee was read by Mrs. H. L. Jome. Officers for next year will be installed at the meeting to be held in May.

Mrs. F. W. Hixson, chairman of the program committee, announced the program for the afternoon. An inspiring devotional service was conducted by Mrs. F. O. Fraley. Miss Virginia Harlow was responsible for the special music. A trio composed of Mrs. G. Herbert Smith, Mrs. J. W. Childers and Mrs. B. W. Bergethon

he got to imagining eyes peering out at him from the brush that surrounded him, and it was absolutely still excepting for the lonely twittering of birds, and he said, there was nothing moving within his sight except two buzzards that patrolled the air above him, apparently waiting for him to starve to death.

The other officers were to bring the sheriff some dinner and they got back to him about 5 o'clock that evening with fine sandwiches and coffee in a thermos bottle which had been broken by the roughness of the traveling. That was his dinner.

That night, the squad searched the region with flashlights, traversing mountain sides and gorges which they wouldn't have thought of undertaking in the daylight, they said.

But the boys were not found. The Pope lad is known here. He came through town last year, attired in an outfit of Buffalo Bill clothes, and wearing two wooden revolvers strapped to his sides. He stayed that night at a local hotel, and went on to Indianapolis, where the city police nabbed him and returned him to Plainfield. He had stolen \$9 from his family for expense money, the officers said. He was here once before, accompanied by his little sister, who is a loyal little soul, sharing all of his adventure he will let her in on, it is said.
